

TEAMWEAR CATALOGUE 2020/21

WHO WE ARE...

The team behind MatchFit Apparel has a great understanding of sports and sports apparel. Key staff members have worked within the sporting landscape across various levels including working professionally in sports administration which provides us with a great understanding of client's needs.

Other key members have worked in production and design for over 20 years where they have worked on the construction and design of garments from National and professional teams all the way down to local sporting clubs.

Central to this is having a “customer first” approach.

OUR VISION...

“To become the most reliable and trusted teamwear brand in our market”.

OUR PURPOSE...

“To provide athletes and teams of all levels & abilities a quality product that makes everyone look & feel great which inspires & unites”.

WE UNDERSTAND...

Affordable, well designed, high-quality product helps our customers display their own and their sponsors' brands. It can also assist the attraction of participants, supporters and sponsors when your members and supporters are proud to wear your club colours, improving performance and the exposure and promotion of your own and your sponsors' brands.

MatchFit is committed to being a good corporate citizen. This includes looking at ways we can be more environmentally friendly, ethical and help communities in need.

MEN'S size chart

If the body measurement is on the borderline between two sizes, go to the lower size for a tighter fit or the higher size for a looser fit.

Measurement Guidelines *We recommend another person to take an individuals measurements to ensure accuracy.

Chest: Ask the individual to stretch arms out horizontally to enable the tape to be placed around the fullest part of the chest and ensure it goes horizontally across the back of the body and across the shoulder blades. To take the measurement, ask the individual to now relax the arms at the side of the body - keep the tape horizontal and taut (not tight, just firm) to take the measurement.

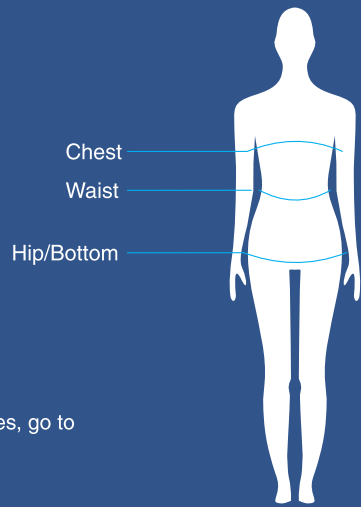

Waist: Measure around the narrowest part of the waist - if the individual bends from side to side this is the waist, keep the tape horizontal and taut (not tight, just firm) to take the measurement.

Hip (Bottom): Ask the individual to stand with feet together, measure around the widest part of buttocks, keep the tape horizontal and taut (not tight, just firm) to take the measurement.

MEN'S SIZE CHART - body measurements (cm)

SIZES	CHEST	WAIST	HIP
XS	87-92	74-79	89-94
S	92-97	79-84	94-99
M	97-102	84-89	99-104
L	102-107	89-94	104-109
XL	107-112	94-99	109-114
2XL	112-117	99-104	114-119
3XL	117-122	104-109	119-124
4XL	122-127	109-114	124-129
5XL	127-132	114-119	129-134
6XL	132-137	119-124	134-139

WOMEN'S size chart

If the body measurement is on the borderline between two sizes, go to the lower size for a tighter fit or the higher size for a looser fit.

Measurement Guidelines *We recommend another person to take an individuals measurements to ensure accuracy.

Chest: Ask the individual to stretch arms out horizontally to enable the tape to be placed around the fullest part of the chest and ensure it goes horizontally across the back of the body and across the shoulder blades. To take the measurement, ask the individual to now relax the arms at the side of the body - keep the tape horizontal and taut (not tight, just firm) to take the measurement.

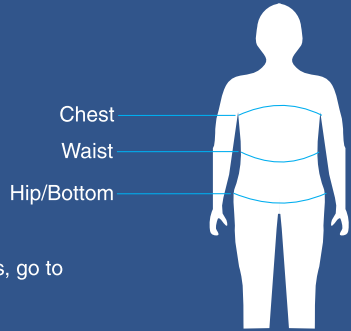

Waist: Measure around the narrowest part of the waist - if the individual bends from side to side this is the waist, keep the tape horizontal and taut (not tight, just firm) to take the measurement.

Hip (Bottom): Ask the individual to stand with feet together, measure around the widest part of buttocks, keep the tape horizontal and taut (not tight, just firm) to take the measurement.

WOMEN'S SIZE CHART - body measurements (cm)

SIZES	CHEST	WAIST	HIP
8	82-87	63-68	88-93
10	87-92	68-73	93-98
12	92-97	73-78	98-103
14	97-102	78-83	103-108
16	102-107	83-88	108-113
18	107-112	88-93	113-118
20	112-117	93-98	118-123

KID'S size chart

If the body measurement is on the borderline between two sizes, go to the lower size for a tighter fit or the higher size for a looser fit.

This chart is a rough guide as girls and boys growth rates vary during this age period.

Chest: Ask the individual to stretch arms out horizontally to enable the tape to be placed around the fullest part of the chest and ensure it goes horizontally across the back of the body and across the shoulder blades. To take the measurement, ask the individual to now relax the arms at the side of the body - keep the tape horizontal and taut (not tight, just firm) to take the measurement.

Waist: Measure around the narrowest part of the waist - if the individual bends from side to side this is the waist, keep the tape horizontal and taut (not tight, just firm) to take the measurement.

Hip (Bottom): Ask the individual to stand with feet together, measure around the widest part of buttocks, keep the tape horizontal and taut (not tight, just firm) to take the measurement.
